Cooperation offer- MEDICAL TRAVEL; medical tourism facilitator

**MEDICAL TRAVEL is a medical tourism facilitator taking care of foreign and Polish patients during their treatment in Poland.**

The main goal is to provide comprehensive patient's stay in Poland – both from the medical side (with support of the highly qualified medical partners with whom MEDICAL TRAVEL cooperates), as well as from the tour operator side (flight, hotel, transportation, guided tours and other attractions).

The group MEDICAL TRAVEL is created also by doctors who understand well the patients' needs and pay great attention to treatment quality. We offer a new way of treatment - a combination of a holiday time with health and beauty improvement and, what is important, we treat all our patients individually to make them satisfied. **Poland is a fantastic country where you can take care of health (both yours and your family), spend lovely holidays and have a rest from heat waves at Arab Peninsula.**

**We invite both individual patients and companies from GCC countries to visit our website. In our offer you can find treatment including:**

- Dentistry
- Plastic surgery
- Aesthetic medicine
- General surgery
- Urology
- Gynecology
- Orthopaedics and Traumatology
- Treatment of varicose veins
- Ophthalmology
- Health Resorts and Rehabilitation Centres
